ABOUT HENAGON GLOBAL

Henagon Global Pvt Ltd is an India-based international trade and sourcing company connecting global buyers with Indian suppliers and products.

We facilitate cross-border business through **product sourcing, supplier identification, buyer-seller matching, commercial coordination and export-import support.**

Our focus is to make international sourcing from India more efficient, transparent and reliable.

OUR CORE FOCUS

EXPORT

Connecting Indian products with international buyers.

IMPORT

Facilitating sourcing opportunities and international supply relationships.

GLOBAL SOURCING

Identifying suitable products and suppliers according to buyer requirements.

TRADE BROKERING

Connecting qualified buyers and suppliers and facilitating commercial discussions.

OUR BUSINESS PHILOSOPHY

The right **product.**

The right **supplier.**

The right **market.**

The right **connection.**

HENAGON GLOBAL PVT LTD

— COMPANY AT A GLANCE

WHAT WE DO YOUR INTERNATIONAL TRADE PARTNER FROM INDIA

Henagon Global works as a bridge between **international buyers** and **Indian suppliers**.

FOR INTERNATIONAL **BUYERS**

We help buyers identify and connect with potential Indian suppliers based on their specific requirements.

OUR PRODUCT PORTFOLIO

PRODUCTS FROM INDIA

Henagon Global focuses on selected product categories with strong sourcing and international trade potential.

AGRICULTURAL PRODUCTS

TURMERIC

Indian turmeric products for food, spice and industrial applications.

Potential product forms include:

- Turmeric fingers
- Dried turmeric
- Turmeric powder
- Other turmeric-based products

Specifications can be discussed according to buyer requirements, including grade, curcumin level, moisture, cleanliness, packaging and quantity.

JAGGERY

Indian jaggery sourced according to required form, quality, packaging and commercial specifications.

NATURAL RUBBER & LATEX

India has a significant natural-rubber ecosystem, with Kerala being an important production region.

Potential sourcing categories include:

- Natural rubber
- Latex
- Rubber-related products

Specifications and grades are evaluated according to buyer requirements.

KERALA

RENEWABLE ENERGY PRODUCTS

Henagon Global also explores international opportunities in the renewable-energy sector.

SOLAR ENERGY

- Solar panels
- Solar equipment
- Solar electrical components
- Solar accessories
- Balance-of-system products

EV CHARGING

- EV chargers
- EV charging equipment
- Charging accessories
- Related electrical infrastructure

HENAGON GLOBAL PVT LTD

— COMPANY AT A GLANCE

TURMERIC

INDIAN TURMERIC SOURCING

India is one of the world's major turmeric-producing countries, offering buyers access to a wide range of turmeric varieties and product forms.

Henagon Global can facilitate sourcing based on specific buyer requirements.

PRODUCT FORMS

TURMERIC FINGERS

Whole dried turmeric suitable for further processing, grinding and other applications.

TURMERIC POWDER

Processed turmeric powder available according to required specifications.

RENEWABLE ENERGY POWERING A CLEANER FUTURE

Henagon Global is developing international trade opportunities in renewable-energy products and electric mobility infrastructure.

SOLAR ENERGY

We explore sourcing opportunities for:

- ✓ Solar PV modules
- ✓ Solar system components
- ✓ Solar electrical equipment
- ✓ Mounting and balance-of-system components
- ✓ Solar accessories

OUR APPROACH

For renewable-energy projects, we focus on understanding:

This allows us to approach sourcing based on the actual requirements of the buyer rather than simply offering generic products.

GLOBAL SOURCING

SOURCING FROM INDIA, SIMPLIFIED.

Finding a reliable supplier in another country can be challenging.

Henagon Global helps international buyers navigate the Indian sourcing ecosystem.

OUR SOURCING PROCESS

01 — REQUIREMENT

We understand your product, specification, quantity and target market.

02 — SUPPLIER SEARCH

We identify potential manufacturers, producers or exporters.

03 — PRELIMINARY EVALUATION

We assess available information relating to supplier capability, products and commercial suitability.

04 — PRODUCT & QUOTATION

Relevant product information and commercial proposals are coordinated.

05 — BUYER-SUPPLIER CONNECTION

We facilitate communication between both parties.

06 — SAMPLE / ORDER

Where required, sample and order coordination is facilitated.

07 — EXPORT COORDINATION

Documentation, logistics and shipment-related coordination can be supported according to the transaction.

WHY HENAGON GLOBAL

WHY PARTNER WITH US?

INDIA MARKET ACCESS

Our India-based network provides access to potential suppliers across relevant product categories.

BUYER-FOCUSED SOURCING

We begin with the buyer's requirements rather than pushing predetermined products.

MULTI-SECTOR EXPERIENCE

Our interests span agricultural products, natural rubber/latex and renewable-energy solutions.

BUSINESS MATCHMAKING

We connect buyers and suppliers based on product, commercial and business requirements.

COMMUNICATION

We facilitate communication between international buyers and Indian suppliers.

FLEXIBILITY

Requirements can be evaluated according to quantity, specification, packaging and destination market.

LONG-TERM RELATIONSHIPS

We aim to build sustainable business relationships rather than focusing only on individual transactions.

QUALITY & TRADE COMPLIANCE

RESPONSIBLE INTERNATIONAL TRADE

International sourcing requires attention to product quality, specifications, documentation and destination-country requirements.

Depending on the product and market, relevant considerations may include:

PRODUCT SPECIFICATIONS

QUALITY STANDARDS

LABORATORY TESTING

CERTIFICATIONS

PACKAGING

LABELLING

EXPORT DOCUMENTATION

SHIPPING DOCUMENTATION

IMPORT REGULATIONS

DESTINATION-MARKET REQUIREMENTS

Henagon Global coordinates with appropriate suppliers and service partners to support these requirements.

IMPORTANT

Product availability, specifications, certifications and regulatory requirements are evaluated **case by case** according to the buyer's destination country and intended application.
